and

INFORMATION CIRCULAR – PROXY STATEMENT

WITH RESPECT TO THE

**ANNUAL GENERAL AND SPECIAL MEETING OF
SHAREHOLDERS**

TO BE HELD JUNE 4, 2020

AGJUNCTION INC.

NOTICE OF ANNUAL GENERAL AND SPECIAL MEETING OF SHAREHOLDERS

NOTICE is hereby given that an annual general and special meeting (the "**Meeting**") of the holders of common shares ("**Common Shares**") in the capital of AgJunction Inc. (the "**Corporation**" or "**AgJunction**") will be held at the offices of AgJunction at 9105 E Del Camino Drive, Suite 115, Scottsdale, Arizona, USA on June 4, 2020 at 9:00 a.m. (Scottsdale Time) for the following purposes:

1. to place before shareholders the financial statements of the Corporation, together with the report of the auditors thereon, for the year ended December 31, 2019;
2. to fix the number of directors to be elected at the Meeting at five (5);
3. to elect five (5) directors for the ensuing year;
4. to appoint RSM US, LLP as auditors for the ensuing year and to authorize the Board of Directors to fix their remuneration as such;
5. to consider and, if thought appropriate, to pass with or without variation, a special resolution, the full text of which is set forth in the accompanying management information circular – proxy statement of the Corporation dated April 23, 2020 (the "**Information Circular**"), approving a reduction in the stated capital of AgJunction, as more particularly described in the Information Circular; and
6. to transact such other business as may properly come before the Meeting or any adjournment or postponement thereof.

The specific details of the matters proposed to be put before the Meeting are set forth in the Information Circular accompanying and forming part of this Notice of Annual General and Special Meeting.

The Board of Directors of the Corporation have fixed a record date for the purpose of determining the shareholders entitled to receive notice of and vote at the Meeting. Each person who is a holder of Common Shares of record at the close of business on April 23, 2020 (the "**Record Date**") will be entitled to notice of, and to attend and vote at, the Meeting except, to the extent that such a shareholder transfers the ownership of any of his or her Common Shares after the Record Date and the transferee of those Common Shares establishes that he or she owns such Common Shares and demands, not later than ten (10) days before the Meeting, that his or her name be included in the list of shareholders entitled to vote at the Meeting, such transferee will be entitled to vote such Common Shares at the Meeting.

The Corporation intends to hold the Meeting in person. However, in view of the current and rapidly evolving COVID-19 pandemic, the Corporation asks that, in considering whether to attend the Meeting in person, shareholders follow the instructions of Arizona Department of Health Services (<https://www.azdhs.gov/preparedness/epidemiology-disease-control/infectious-disease-epidemiology/#novel-coronavirus-home>). In view of the COVID-19 pandemic, the Corporation encourages shareholders to consider voting their Common Shares via proxy rather than attending the Meeting in person, particularly if they are experiencing any of the described COVID-19 symptoms of fever, cough or difficulty breathing. Registered shareholders and proxyholders who nonetheless wish to attend the Meeting in person may be subject to health screening at the entrance to the Meeting and will be asked to socially distance themselves from others at the Meeting. Subject to the Corporation's bylaws, attendance in person at the Meeting will be restricted to essential personnel and registered shareholders and proxyholders entitled to attend and vote at the Meeting; no external guests will be allowed to attend. This restriction will be strictly enforced. The Corporation may take additional precautionary measures in relation to the Meeting in response to further developments with the COVID-19 pandemic. The Meeting will be held for the sole purpose of the matters to be acted upon at the Meeting and no corporate update or investor presentation will be provided. In the event it is not possible or advisable to hold the Meeting in person due to applicable governmental directives or otherwise, or a decision is made to change

the date, time or location of the Meeting, the Corporation will announce, by press release, alternative arrangements for the Meeting as promptly as practicable. Please monitor our website at <http://www.agjunction.com> for updated information. If you are planning to attend the Meeting, please check the website one week prior to the date of the Meeting, and each day leading up to the date of the Meeting. As always, the Corporation encourages shareholders to vote their Common Shares by proxy not later than (48) hours (excluding Saturdays, Sundays and holidays in the Province of Alberta) prior to the time set for the Meeting or any adjournment(s) or postponement(s) thereof.

A registered shareholder may be represented at the Meeting by proxy. Such shareholders are requested to date, sign and return the enclosed Instrument of Proxy for use at the Meeting or any adjournment or postponement thereof. To be valid, completed Instruments of Proxy must be dated, completed, signed and deposited with AgJunction's transfer agent, Computershare Trust Company of Canada: (a) by mail, using the enclosed return envelope or one addressed to Computershare Trust Company of Canada, Proxy Department, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1; (b) by hand delivery to Computershare Trust Company of Canada, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1; or (c) by telephone to 1-866-732-8683 for North American callers or to 1-312-588-4290 for callers outside North America. You may also vote through the internet and if you do vote through the internet, you may also appoint another person to be your proxyholder. Please go to www.investorvote.com and follow the instructions. You will require your 15-digit control number found on your proxy form.

Your Instrument of Proxy or voting instructions must be received in each case no later than 9:00 a.m. (Scottsdale Time) on June 2, 2020 or, if the Meeting is adjourned or postponed, 48 hours (excluding Saturdays, Sundays and holidays) before the beginning of any adjourned or postponed meeting. If you are unable to attend the Meeting, we encourage you to complete the enclosed Instrument of Proxy as soon as possible. If a Shareholder receives more than one Instrument of Proxy because such holder owns Common Shares registered in different names or addresses, each Instrument of Proxy should be completed and returned.

The instrument appointing a proxy shall be in writing and shall be executed by the shareholder or the shareholder's attorney authorized in writing or, if the shareholder is a corporation, under its corporate seal by an officer or attorney thereof duly authorized. **The persons named in the enclosed Instrument of Proxy are officers and/or directors of the Corporation. Each shareholder has the right to appoint a person or persons, who need not be shareholders of the Corporation, other than the persons designated in the Instrument of Proxy furnished by the Corporation, to attend and act on such shareholder's behalf at the Meeting. To exercise such right, the names of management's nominees may be crossed out and the name(s) of the shareholder's nominee(s) legibly printed in the blank space provided.**

A proxyholder has discretion under the enclosed Instrument of Proxy in respect of amendments or variations to matters identified in this Notice of Annual General and Special Meeting and with respect to other matters which may properly come before the Meeting, or any adjournment or postponement thereof. As of the date hereof, management of AgJunction knows of no amendments, variations or other matters to come before the Meeting other than the matters set forth in this Notice of Annual General and Special Meeting. Shareholders who are planning on returning the Instrument of Proxy are encouraged to review the Information Circular carefully before submitting the Instrument of Proxy.

It is the intention of the persons named in the enclosed Instrument of Proxy, if not expressly directed to the contrary in such Instrument of Proxy, to vote in favour of each of the matters to be considered at the Meeting.

DATED at Calgary, Alberta, this 23rd day of April, 2020.

BY ORDER OF THE BOARD OF DIRECTORS

This Information Circular - Proxy Statement is furnished in connection with the solicitation of proxies by the management of AgJunction Inc. for use at the Annual General and Special Meeting of Shareholders of the Corporation to be held at the offices of AgJunction at 9105 E Del Camino Drive, Suite 115, Scottsdale, Arizona, USA on June 4, 2020 at 9:00 a.m. (Scottsdale Time) and at any adjournment or postponement thereof, and on every ballot that may take place in consequence thereof, for the purposes set forth in the Notice.

Unless otherwise stated, the information contained in this Information Circular is given as at April 23, 2020.

The Corporation intends to hold the Meeting in person. However, in view of the current and rapidly evolving COVID-19 pandemic, the Corporation asks that, in considering whether to attend the Meeting in person, shareholders follow the instructions of Arizona Department of Health Services (<https://www.azdhs.gov/preparedness/epidemiology-disease-control/infectious-disease-epidemiology/#novel-coronavirus-home>). In view of the COVID-19 pandemic, the Corporation encourages shareholders to consider voting their Common Shares via proxy rather than attending the Meeting in person, particularly if they are experiencing any of the described COVID-19 symptoms of fever, cough or difficulty breathing. Registered shareholders and proxyholders who nonetheless wish to attend the Meeting in person may be subject to health screening at the entrance to the Meeting and will be asked to socially distance themselves from others at the Meeting. Subject to the Corporation's bylaws, attendance in person at the Meeting will be restricted to essential personnel and registered shareholders and proxyholders entitled to attend and vote at the Meeting; no external guests will be allowed to attend. This restriction will be strictly enforced. The Corporation may take additional precautionary measures in relation to the Meeting in response to further developments with the COVID-19 pandemic. If you are planning to attend the Meeting, please check the website one week prior to the date of the Meeting, and each day leading up to the date of the Meeting. As always, the Corporation encourages shareholders to vote their Common Shares by proxy not later than (48) hours (excluding Saturdays, Sundays and holidays in the Province of Alberta) prior to the time set for the Meeting or any adjournment(s) or postponement(s) thereof.

No person has been authorized by AgJunction to give any information or make any representations in connection with the matters herein described other than those contained in this Information Circular and, if given or made, any such information or representation must not be relied upon as having been authorized by AgJunction.

PART II - GENERAL PROXY INFORMATION**Solicitation of Proxies**

The Board of Directors has fixed the record date for the Meeting at the close of business on April 23, 2020. Only holders of Common Shares of record as at that date are entitled to notice of the Meeting. Shareholders of record will be entitled to vote those Common Shares included in the list of shareholders entitled to vote at the Meeting prepared as at the Record Date, unless any such shareholder transfers Common Shares after the Record Date and the transferee of those Common Shares, having produced properly endorsed certificates evidencing such Common Shares

or having otherwise established that he or she owns such Common Shares, demands, not later than ten (10) days before the Meeting, that the transferee's name be included in the list of shareholders entitled to vote at the Meeting, in which case such transferee shall be entitled to vote such Common Shares at the Meeting.

The information set forth below generally applies to registered holders of Common Shares (i.e., if your Common Shares are registered in your name). If you are a Beneficial Holder (as defined herein) of Common Shares (i.e. if your Common Shares are held through a broker, financial institution or other nominee), please see "*Advice to Beneficial Holders of Securities*" in this Information Circular.

Appointment of Proxies

A registered shareholder may be represented at the Meeting by proxy. Such shareholders are requested to date, sign and return the enclosed Instrument of Proxy for use at the Meeting or any adjournment or postponement thereof. To be valid, completed Instruments of Proxy must be completed, dated, signed and deposited with AgJunction's transfer agent, Computershare Trust Company of Canada: (a) by mail, using the enclosed return envelope or one addressed to Computershare Trust Company of Canada, Proxy Department, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1; (b) by hand delivery to Computershare Trust Company of Canada, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1; (c) by telephone to 1-866-732-8683 for North American callers or to 1-312-588-4290 for callers outside North America; or (d) through the internet at www.investorvote.com, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time set for the holding of the Meeting or any adjournment or postponement thereof. If you vote through the internet you will require your 15-digit control number found on the enclosed Instrument of Proxy.

The instrument appointing a proxy shall be in writing and must be executed by the shareholder or his or her attorney authorized in writing or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. Persons signing as executors, administrators, trustees, etc. should so indicate and give their full title as such.

The persons named in the enclosed Instrument of Proxy are officers and/or Directors of the Corporation. Each shareholder has the right to appoint a person or persons, who need not be shareholders of the Corporation, other than the persons designated in the Instrument of Proxy furnished by the Corporation, to attend and act on such shareholder's behalf at the Meeting. To exercise such right, the names of management's nominees may be crossed out and the name(s) of the shareholder's nominee(s) legibly printed in the blank space provided, or another appropriate instrument of proxy may be submitted.

Revocability of Proxy

In addition to revocation in any other manner permitted by law, a shareholder may revoke a proxy: (a) by instrument in writing executed by the shareholder or such shareholder's attorney authorized in writing or if the shareholder is a corporation, under its corporate seal or by an officer or attorney thereof, duly authorized, and deposited either with Computershare Trust Company of Canada, acting as scrutineer, at the office of Computershare Trust Company of Canada designated in the Notice and this Information Circular not later than 5:00 p.m. (Scottsdale Time) on the Business Day preceding the day of the Meeting (or any adjournment or postponement thereof) or with the Chair on the day of the Meeting (or any adjournment or postponement thereof); or (b) by a duly executed and deposited proxy bearing a later date or time than the date or time of the proxy being revoked.

It should be noted that the participation in person by a shareholder in a vote by ballot at the Meeting will automatically revoke any proxy which has been previously given by the shareholder in respect of business covered by that vote.

Persons Making the Solicitation

This solicitation is made on behalf of the management of the Corporation. The costs incurred in the preparation and mailing of the Instrument of Proxy, the Notice and this Information Circular will be borne by the Corporation. In addition to the use of mail, Instruments of Proxy may be solicited by personal interviews, telephone

or other means of communication by Directors, officers and employees of the Corporation, none of whom will be specifically remunerated therefor.

Exercise of Discretion

Common Shares represented by a duly completed and properly signed Instrument of Proxy will be voted in accordance with the instructions specified therein. **Where no choice is specified, such Common Shares will be voted in favour of the matters described in the Notice. The persons appointed under the Instrument of Proxy furnished by the Corporation are conferred discretionary authority with respect to amendments or variations of those matters specified in the Instrument of Proxy and with respect to any other matters which may properly be brought before the Meeting or any adjournment or postponement thereof. As of the date hereof, management of AgJunction knows of no amendments, variations or other matters to come before the Meeting; however, if any other matter properly comes before the Meeting, the enclosed Instrument of Proxy will be voted on such matter in accordance with the best judgment of the person(s) voting the proxies.**

Advice to Beneficial Holders of Securities

The information set forth in this section is of significant importance to many shareholders of AgJunction, as a substantial number of the shareholders of AgJunction do not hold Common Shares in their own name but instead hold their Common Shares through brokers, financial institutions or other nominees. Shareholders who do not hold their Common Shares in their own name (referred to in this Information Circular as "**Beneficial Shareholders**") should note that only Instruments of Proxy deposited by shareholders whose names appear on the applicable registrar and transfer agent as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then, in almost all cases, those Common Shares will not be registered in the shareholder's name on the records of AgJunction. Such Common Shares will more likely be registered under the name of the shareholder's broker or an agent of the broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted (for, withheld or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers/nominees are prohibited from voting Common Shares for their clients. **Beneficial Shareholders should therefore ensure that instructions regarding the voting of their Common Shares are properly communicated to the appropriate person or that the Common Shares are duly registered in their name well in advance of the Meeting.**

The Directors and officers of AgJunction do not know for whose benefit the Common Shares registered in the name of CDS & Co. are held.

Applicable regulatory policies require intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of the Meeting. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholders on how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically mails a scannable Voting Instruction Form in lieu of the form of proxy. The Beneficial Shareholder is requested to complete and return the Voting Instruction Form by mail or facsimile. Alternatively, the Beneficial Shareholder can call a toll-free telephone number or access the internet to vote the Common Shares held by the Beneficial Shareholder. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a form of proxy or Voting Instruction Form from their broker or other intermediary (or an agent or nominee of such broker or other intermediary) cannot use that form to vote Common Shares directly at the Meeting. Voting instructions must be communicated to the broker, intermediary, agent or nominee (in accordance with the instructions provided by it or on its behalf) well in advance of the Meeting in order to have the Common Shares to which such instructions relate voted at the Meeting.**

If you are a Beneficial Holder and wish to vote in person at the Meeting, please contact your broker or agent well in advance of the Meeting to determine how you can do so.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of the shareholder's broker or other intermediary, a Beneficial Shareholder may attend at the Meeting as a proxyholder and vote their Common Shares in that capacity. If a Beneficial Shareholder wishes to attend the Meeting and vote their Common Shares, it must do so as proxyholder for the registered holder of the Common Shares. To do this, a Beneficial Shareholder should enter his or her name in the blank space on the applicable form of proxy or voting instruction form provided to him or her and return the document to his or her broker or other intermediary (or the agent of such broker or other intermediary) in accordance with the instructions provided by such broker, intermediary or agent well in advance of the Meeting.

The Corporation is not using "notice-and-access" to send its proxy-related materials to shareholders, and paper copies of such materials will be sent to all shareholders. The Corporation will be sending proxy-related materials directly to non-objecting Beneficial Shareholders and the Corporation intends to pay for the costs of an intermediary to deliver to objecting Beneficial Shareholders the proxy-related materials.

These securityholder materials are being sent to both registered and non-registered owners of Common Shares. If you are a non-registered owner, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of Common Shares, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

PART III - MATTERS TO BE ACTED UPON AT THE MEETING

Financial Statements and Auditors' Report

At the Meeting, the financial statements of the Corporation for the year ended December 31, 2019, and the Auditors' Report thereon will be placed before shareholders, but no vote by the shareholders with respect thereto is required or proposed to be taken.

Fix the Number of Directors to be Elected at the Meeting

The Articles of the Corporation specify that the Board of Directors shall consist of a minimum of three (3) and a maximum of eleven (11) Directors. At the Meeting, it is proposed that the number of Directors of the Corporation to be elected at the Meeting be set at five (5). Accordingly, unless otherwise directed, it is the intention of management of the Corporation to vote Instruments of Proxy in the accompanying form in favour of fixing the number of Directors of the Corporation to be elected at the Meeting at five (5).

Appointment of Directors

Majority Voting for Directors

The Board has adopted a policy stipulating that if the "WITHHOLD" votes in respect of the election of a Director nominee at the Meeting represent more than the "FOR" votes, the nominee will immediately submit his or her resignation, for the Board's consideration. The Board will consider such resignation within 90 days of the Meeting and will accept the nominee's resignation absent exceptional circumstances, having regard to all relevant matters. The Board's decision to accept or reject the resignation will be disclosed to the public by press release promptly after such decision has been made and a copy of such news release will be provided to the TSX. If the Board determines not to accept the resignation, the news release will fully state the reasons for that determination. The nominee will not participate in any Board deliberations on the resignation. The policy does not apply in circumstances involving contested Director elections.

Advance Notice By-law

The Corporation's Advance Notice By-Law (the "**By-law**"), which was ratified by shareholders at the Corporation's annual general and special meeting of shareholders held in 2016, contains advance notice provisions, which provide shareholders, the Board and management of the Corporation with a clear framework for nominating directors to help ensure orderly business at shareholder meetings by effectively preventing a shareholder from putting forth director nominations from the floor of a shareholder meeting without prior notice. Among other things, the By-law fixes a deadline by which shareholders must submit notice of Director nominations to the Corporation prior to any annual or special meeting of shareholders. It also specifies the information that a nominating shareholder must include in the notice to the Corporation regarding each Director nominee and the nominating shareholder for the notice to be in proper written form in order for any Director nominee to be eligible for nomination and election at any annual or special meeting of shareholders of the Corporation. These requirements are intended to provide all shareholders with the opportunity to evaluate and review the proposed candidates and vote on an informed and timely manner regarding such nominees. The By-law does not affect nominations made pursuant to a "proposal" made in accordance with the *Business Corporations Act* (Alberta) ("**ABCA**") or a requisition of a meeting of shareholders made pursuant to the ABCA. As of the date of this Information Circular, the Corporation has not received any nominations pursuant to the advance notice provisions contained in the By-law.

Election of Directors

At the Meeting, shareholders will be asked to vote "FOR" or "WITHHOLD" on the proposed Directors set forth below to hold office until the next annual meeting or until their successors are elected or appointed.

Unless otherwise directed, it is the intention of management to vote Instruments of Proxy in the accompanying form in favour of electing as Directors the five (5) nominees hereinafter set forth:

- (7) Excludes Options to purchase an aggregate of 400,000 Common Shares at CDN\$0.50 per Common Share. The total number of Common Shares includes 151,233 Restricted Shares issued to Dr. McMickell pursuant to the Restricted Share Plan, which Restricted Shares are currently subject to forfeiture and transfer restrictions (see "*Compensation Discussion and Analysis – Executive Compensation – Compensation Objectives and Elements – Long Term Incentive Plan – Restricted Share Plan*").

- (8) IGC Holding LP holds the 18,754,974 Common Shares. IGC Holding LP is an indirect wholly owned subsidiary of Investor AB. Mr. Suarez, a Director of the Corporation, is a Managing Director of Patricia Industries, a wholly owned subsidiary of Investor AB.
- (9) All of the Directors have been appointed to hold office until the next annual general meeting of shareholders or until their successor is duly elected or appointed in accordance with the ABCA, unless their office is earlier vacated.

The information as to principal occupation and as to Common Shares beneficially owned or controlled or directed, directly or indirectly, is based upon information provided by the nominees as of April 23, 2020. Each of the above nominees are currently Directors of the Corporation.

As at April 23, 2020, the Directors and executive officers of the Corporation, as a group, beneficially owned or controlled or directed, directly or indirectly, an aggregate of 23,094,192 Common Shares, being approximately 19.7% of the outstanding Common Shares.

No proposed Director is as at the date hereof, or has been, within 10 years of the date hereof, a director, chief financial officer or chief executive officer of any company, including the Corporation, that:

- (a) while the proposed Director was acting in such capacity was the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days; or
- (b) was subject to an event that occurred while the proposed Director was acting in such capacity which resulted, after the proposed Director ceased to be a director, chief financial officer or chief executive officer, in the company being the subject of a cease trade or similar order, or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days.

In addition, other than as set forth below, no proposed director is as at the date hereof, or has been, within 10 years of the date hereof:

- (a) a director or executive officer of any company, including the Corporation, that while the proposed Director was acting in that capacity or within a year of that person ceasing to act in that capacity made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (b) become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed Director.

Mr. Ladd acted as chief executive officer and a director of Brilliant Telecommunications, Inc. ("**Brilliant**"). On February 18, 2011, Brilliant reached an agreement regarding the sale of substantially all of its assets to Juniper Networks. Such sale was conducted via an assignment for the benefit of creditors' process under the laws of the State of California. As part of this process, all of Brilliant's assets were transferred to a trustee who then distributed the proceeds of the sale. Mr. Ladd resigned from his positions with Brilliant shortly after the agreement with Juniper Networks was reached. On or about August 9, 2011, one of Brilliant's former customers filed a lawsuit against Brilliant and Juniper Networks alleging breach of contract and unfair business practice. On or about September 28, 2011, a default judgment was entered by the court against Brilliant. No director or executive officer of Brilliant was ever named in such law suit and Mr. Ladd had no involvement nor any liability in connection with such law suit or any other proceeding.

Further, no proposed Director of the Corporation has been subject to: (i) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or (ii) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed Director.

Appointment of Auditors

Unless otherwise directed, it is the intention of the persons named in the Instrument of Proxy furnished by the Corporation to vote in favour of an ordinary resolution to reappoint the firm of RSM US, LLP, to serve as auditors of the Corporation to hold office until the next annual general meeting of shareholders and to authorize the Board to fix their remuneration. RSM US, LLP have been the auditors of the Corporation since April 9, 2015.

The Audit Committee reviews the annual audit fees and considers the issue of auditor independence in the context of all services provided to the Corporation.

Certain information regarding AgJunction's Audit Committee, including the fees paid to AgJunction's auditors in the last two fiscal years, that is required to be disclosed in accordance with National Instrument 52-110 of the Canadian Securities Administrators, is contained in AgJunction's annual information form for the year ended December 31, 2019, an electronic copy of which is available on the internet on AgJunction's SEDAR profile at www.sedar.com.

Reduction of Stated Capital

At the Meeting, shareholders will be asked to consider and, if thought advisable, to pass, with or without variation, a special resolution reducing the stated capital of the Common Shares by \$125 million, without any payment or distribution to the shareholders (the "**Reduction of Stated Capital Resolution**").

Reasons for the Reduction of Stated Capital

Under the ABCA, the corporate statute governing AgJunction, a corporation is prohibited from taking certain actions, including making any payment to purchase or otherwise acquire shares issued by it, if, among other things, there are reasonable grounds for believing that the realizable value of its assets would, as a result of the repurchase of its Common Shares, be less than the aggregate of its liabilities and stated capital of all classes of its shares. The purpose of reducing the stated capital of the Common Shares is to increase the difference between the realizable value of AgJunction's assets and the aggregate of AgJunction's liabilities and the stated capital of the Common Shares, thereby providing AgJunction with additional flexibility under the ABCA to repurchase Common Shares if, as and when the Board determines it appropriate to do so.

Management believes that the Common Shares may, from time-to-time, be undervalued and may not reflect the financial strength and net asset value of the Corporation. As such, if the Reduction of Stated Capital Resolution is approved by the shareholders at the Meeting, the Board may consider seeking a normal course issuer bid ("**NCIB**") under the policies of the TSX in the future. All Common Shares purchased under a NCIB would be cancelled, increasing the respective proportionate share interests of all remaining shareholders. The funding for any purchases of Common Shares pursuant to a NCIB would be expected to be financed out of working capital.

Pursuant to the policies of the TSX, under a NCIB the Corporation would be permitted to acquire up to a maximum of the greater of (i) 5% of the then issued and outstanding Common Shares, and (ii) 10% of the "public float" (the "**public float**" being the number of Common Shares issued and outstanding, less the number of Common Shares known to the Corporation after reasonable inquiry, to be beneficially owned, or over which control or direction is exercised by every senior officer and director of the Corporation and certain other persons). To illustrate, as of April 23, 2020, there were 117,072,573 Common Shares issued and outstanding. If the Corporation sought to acquire 5% of the issued and outstanding Common Shares pursuant to a NCIB, AgJunction would be permitted to acquire up to 5,853,628 Common Shares.

The Corporation would also be subject to certain daily limits on the number of Common Shares purchased pursuant to a NCIB as prescribed by the rules of the TSX. Under a NCIB, the Corporation would pay the market price for the Common Shares on the TSX at the time of acquisition and, unless otherwise permitted by the rules of the TSX, no purchases would be made other than by means of open market transactions during the period a NCIB is in place.

The commencement of a NCIB will be subject to receiving the approval of the TSX and the Board.

Limitation on the Reduction of Stated Capital under the ABCA

The ABCA provides that a corporation shall not reduce its stated capital if there are reasonable grounds for believing that: (i) the corporation is, or would after the reduction be, unable to pay its liabilities as they become due; or (ii) the realizable value of the corporation's assets would thereby be less than the aggregate of its liabilities.

AgJunction does not have reasonable grounds to believe that: (i) it is, or would after the stated capital reduction contemplated by the Reduction of Stated Capital Resolution be, unable to pay its liabilities as they become due; or (ii) the realizable value of AgJunction's assets would, as a result of the stated capital reduction contemplated by the Reduction of Stated Capital Resolution, be less than the aggregate of its liabilities.

Canadian Federal Income Tax Considerations with Respect to the Reduction of Stated Capital

The proposed reduction of the stated capital of the Common Shares will not result in any immediate Canadian income tax consequences to a shareholder nor will it affect a shareholder's adjusted cost base of the Common Shares for purposes of the *Income Tax Act* (Canada) (the "**Tax Act**"). However, the reduction in the stated capital will reduce the paid-up capital (as defined in the Tax Act) of the Common Shares by an amount equal to the reduction in stated capital. Although the reduction of the stated capital and the corresponding reduction of the paid-up capital of the Common Shares will not have any immediate Canadian income tax consequences, such reduction may have future Canadian federal income tax consequences to a shareholder in certain limited circumstances. Such circumstances include, but are not limited to, if AgJunction repurchases any Common Shares (other than Common Shares purchased by the Corporation in the manner in which shares would normally be purchased by the public in an open market such as under a NCIB), if AgJunction distributes assets to its shareholders or if AgJunction is wound-up. As a general rule, upon such transactions, a shareholder will be deemed to have received a dividend to the extent that the amount paid or distributed exceeds the paid-up capital of the Common Shares.

United States Federal Income Tax Consequences

The proposed reduction of the stated capital of the Common Shares should not constitute a taxable event for the shareholders of the Corporation for United States federal income tax purposes. As a result, shareholders generally should not recognize gain or loss upon the reduction of stated capital. Each shareholder's tax basis in its Common Shares should remain unchanged, and each shareholder's holding period in its Common Shares should include the holding period in the Common Shares held by such shareholder prior to the reduction of stated capital.

Reduction of Stated Capital Resolution and Approval Requirement

At the Meeting, shareholders will be asked to consider and, if thought advisable, to pass the following special resolution, being the Reduction of Stated Capital Resolution:

"BE IT RESOLVED AS A SPECIAL RESOLUTION OF THE SHAREHOLDERS OF AGJUNCTION INC. (THE "CORPORATION") THAT:

1. the stated capital account maintained in respect of the common shares of the Corporation be and is hereby reduced by \$125 million, all as more particularly described in the Corporation's management information circular – proxy statement dated April 23, 2020;
2. any director or officer of the Corporation is authorized and directed to do all such things and execute all such documents and instruments as may be necessary or desirable to give effect to the foregoing resolution; and
3. notwithstanding that this resolution has been duly passed by the shareholders of the Corporation, the directors of the Corporation are hereby authorized and empowered to revoke this resolution, without any further approval of the shareholders of the Corporation, at any time if such revocation is considered necessary or desirable by the directors."

In order to be passed, the Reduction of Stated Capital Resolution requires the approval of not less than two-thirds of the votes cast thereon by or on behalf of shareholders present in person or represented by proxy at the Meeting.

Unless otherwise directed, it is the intention of the persons named in the enclosed form of proxy, if named as proxy, to vote for approval of the foregoing resolution approving the reduction of the Corporation's stated capital account.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Compensation

Overview

The ultimate goal of AgJunction's compensation program is to foster profitable growth and to create long-term value for shareholders and other stakeholders. We believe that our executives are essential to creating long-term sustainable growth. We have designed and implemented a pay-for-performance compensation program that rewards corporate and individual performance and the creation of long-term sustainable growth. We believe that the program, as set out below, motivates strong performance, aligns the interests and values of our NEOs and employees with those

of our shareholders and other stakeholders (such as suppliers, customers and the communities we operate in), and supports our attraction and retention goals.

During the year ended December 31, 2019 the following individuals were the "**Named Executive Officers**" or "**NEO's**" (as defined in Form 51-102F6 – Statement of Executive Compensation) of the Corporation:

- David Vaughn, former President and Chief Executive Officer (October 16, 2015 to December 5, 2019);
- Lori S. Ell, former Interim President and Chief Executive Officer (December 5, 2019 to January 31, 2020);
- Michael Manning, former Senior Vice President and Chief Financial Officer (March 28, 2016 to May 10, 2019);
- Peter Newton, former Interim Chief Financial Officer (May 11, 2019 to September 24, 2019);
- Scott Steinman, former Chief Financial Officer (September 24, 2019 to January 30, 2020);
- M. Brett McMickell, Chief Operating Officer and Senior Vice President of Global Product Development (on January 31, 2020, Dr. McMickell was promoted to President and Chief Executive Officer);
- Bobac (Bob) Barjesteh, Executive Vice President and General Counsel; and
- Jeff Morris, former Senior Vice President and Chief Marketing Officer (June 19, 2017 to January 30, 2020).

Compensation Governance

The Board has established the Compensation Committee which is required to be composed of a majority of independent directors with the independent Chair of such Committee appointed by the Board. The Compensation Committee meets as it deems necessary or desirable and will from time to time retain the services of a compensation consultant or advisor (no such advisor was retained in 2019).

The Compensation Committee is responsible for discharging the Board's responsibilities with respect to compensation for our NEOs, as well as to provide general oversight of our global compensation program, including but not limited to determining and making recommendations with respect to all forms of compensation to be granted to the Chief Executive Officer, and reviewing the Chief Executive Officer's recommendations respecting compensation of the other senior executive offices of the Corporation.

The Compensation Committee's responsibilities are more fully described in its formal mandate which has been included as Schedule D to this Information Circular.

The Compensation Committee is currently comprised of three independent directors, Scott B. Edmonds (Chair), Lori S. Ell and Jose F. Suarez, who are each highly experienced executives, directors and/or businesspersons who have dealt with numerous compensation issues in the course of their leadership roles. The skills and experience that enable the members of the Compensation Committee to make decisions on the suitability of the Corporation's compensation policies and practices include the following:

- leadership roles as Chief Executive Officers and other senior roles at both public and private companies in the case of Mr. Edmonds and Ms. Ell; and
- serving on the board of directors of both private and public companies in the case of Mr. Edmonds, Ms. Ell and Mr. Suarez.

Also see "*Part III – Matters to be Acted Upon at the Meeting – Appointment of Directors – Election of Directors*" for further information on each member of the Compensation Committee.

Compensation Objectives and Elements

Our compensation program aligns the interests and values of our NEOs with our shareholders by including compensation for achieving key corporate performance goals and equity incentive compensation, the ultimate value of which is based on the price of our Common Shares, which has the potential to reward NEOs for improvements in our long-term sustainable growth. All elements of our compensation program are determined based on public market data and the NEOs experience, scope of responsibilities, demonstrated leadership abilities and effectiveness.

Executive compensation during the year ended December 31, 2019 consisted of base salaries, an employee benefit plan and discretionary cash bonuses based on employee performance. In the year ended December 31, 2019, our NEOs were not granted any Restricted Shares or Options under the LTIP (as defined below) and no STIP (as defined below) payments were awarded to the NEOs.

All employees including NEOs are assigned to a compensation tier based on responsibilities relative to their colleagues with each tier having an assigned range for all three forms of compensation.

Base Salary

Base salaries reward NEOs for performing their day to day responsibilities and are designed to be competitive in order to attract and retain high caliber talent. The base salary for our NEOs is determined based upon an evaluation of the scope of their responsibilities, performance, experience and education and competitive benchmarking for similar positions. NEO base salary levels are reviewed annually by the Compensation Committee who considers ranges for base salary adjustments based upon consideration of corporate performance, cost of living changes, industry and market-performance data, and competitive compensation information received from compensation consulting firms and professional organizations. The adjustment to base salaries of NEOs will take into account these approved ranges, the performance of the NEO and changes in the NEOs responsibilities that may have taken place.

Benefits

We provide our NEOs and all employees with benefits that we believe are appealing to employees to enhance attraction and retention. The primary benefits provided include: medical vision and dental insurance coverage; life insurance equal to one and a half of the employee's salary (maximum \$400,000), plus \$10,000 for spouse and \$2,500 for each child; short and long-term disability insurance; employee assistance plan; continuing education assistance; fitness/wellness membership reimbursements of \$300 per year; health savings accounts/flexible spending accounts; and paid holidays and paid time off (including paid vacation and sick leave). Employees residing in the United States are responsible to pay for voluntary life and the incremental costs of their selected medical, vision and dental insurance plan in excess of the Corporation's contribution for each plan level.

Short-Term Incentive Plan

Our short term incentive plan ("**STIP**") consisting of annual cash bonuses rewards executives and employees (excluding commissioned salespeople) with cash bonuses based upon the achievement of corporate financial profitability goals.

Performance targets are determined near the start of each fiscal year based upon our Board of Directors approved strategic plan and budget for that year. The Compensation Committee receives and considers the input of management in regard to setting the Corporation's performance targets and determining whether changes in the structure of the STIP are required.

For 2019, the STIP payout for each eligible NEO was determined based on the following formula:

$$\text{Tier Level \% X Base Salary X Target Incentive Rate (EBITDA).}$$

Tier level % is a tier system based on an individual's position with AgJunction. Each tier is assigned a percentage as follows:

Tier	Annual Target Bonus (% of Base Salary)	Percentage of Base Compensation Related to Corporation Performance	Percentage of Base Compensation Related to Individual Performance
1 – President and CEO	50%	50%	-
2 – Executive VP and Senior VP	40%	40%	-
3 – VP and Senior Director	30%	30%	-
4 – Director	20%	16%	4%
5 – Mid-Level Manager	15%	11.5%	3.5%
6 – Manager/Functional Equivalent	10%	7.5%	2.5%
7 – Non-Management	8%	5.3%	2.7%
8 – Support Personnel	6%	3%	3%

The Compensation Committee reserves the right to adjust profitability to normalize it for unusual items that impact profits but which are out of the control of management. We have structured the STIP in this manner as we believe that achievement of short term financial targets, together with strong performance of our employees relative to individual objectives, will correlate with improving shareholder value.

If the targeted performance objectives are achieved, or if in the discretion of the Board payout is otherwise justified, STIP payments are paid annually once the audit of our financial results is complete. No payments were made under the Corporation's STIP to NEOs in the years ended December 31, 2017, 2018 or 2019 as the Corporation's targeted EBITDA was not achieved.

Cash Bonuses

From time to time, the Compensation Committee has also awarded discretionary cash bonuses based upon its assessment of an executive's performance and contributions, and may do so in the future. As set forth in the Summary Compensation Table, a limited number of discretionary cash bonuses were paid in 2020 for 2019 performance.

Long Term Incentive Plan

The Compensation Committee has been authorized by the Board of Directors to administer our long term incentive plan ("**LTIP**"), which is comprised of the Share Option Plan and the Restricted Share Plan. Generally Restricted Shares are granted each year with a portion vesting based on a long-term financial performance metric such as return on invested capital (75%) and the balance vesting over time (generally over three years), in order to promote continued service. The ultimate value of the LTIP is dependent on our Common Share price.

Restricted Share Plan

On August 28, 2015, the Board approved the adoption of a Restricted Share Plan, which was approved by shareholders at the Corporation's annual and special meeting held on October 9, 2015 and re-approved at the Corporation's annual and special shareholders meeting held on May 23, 2018.

Annual Restricted Share awards are made to NEOs, and to other executives, Directors, key employees and key consultants. Restricted Shares may also occur in other circumstances such as new hires, employee promotions, key employee retention efforts and acquisition transactions as may be approved by the Compensation Committee. Restricted Shares are awarded to reward demonstrated performance and leadership, to motivate future performance, to align the interests of the NEOs, and other executives and employees with those of our shareholders, and to support the retention of the executives and key employees through the term of the awards.

The Restricted Share Plan has a rolling maximum/evergreen limit for the issuance of Restricted Shares up to, but not in excess of 13% of the outstanding Common Shares.

See "*Compensation Discussion and Analysis – Executive Compensation – Compensation Objectives and Elements – Long Term Incentive Plan – Restricted Share Plan*" for the number of Common Shares outstanding as at December 31, 2019 and April 23, 2020, the maximum/evergreen limit under the Restricted Share Plan, the number of Common Shares underlying outstanding Options and Restricted Shares and the number of Restricted Shares available for future grants.

Certain key features of the Restricted Share Plan are as follows:

- the vesting arrangements are determined at the discretion of the Board provided that the vesting dates cannot be less than one year from the issuance date of the Restricted Shares;
- any Restricted Shares granted pursuant to the Restricted Share Plan are non-assignable;
- upon the applicable conditions to vesting having been met, on the applicable vesting date, any vested Restricted Shares will be non-forfeitable and transferable by the participant and if the conditions to vesting have not been met by the applicable vesting date, the Restricted Shares that would have vested on the applicable vesting date will be deemed to have been forfeited by the participant. The Restricted Share Plan provides that vested Restricted Shares will not be transferred to a participant and may not be sold by a participant during a blackout period and unvested Restricted Shares will not be transferred to AgJunction for cancellation during a blackout period;
- unvested Restricted Shares are forfeited following a participant ceasing to be at least one of an employee, Director, officer or consultant of the Corporation or of a subsidiary of the Corporation. However, in the event of death, all Restricted Shares shall vest and as a result the deceased participant will not forfeit any Restricted Shares;
- the number of Common Shares together with all of the Corporation's other previously established or proposed share compensation arrangements issued to insiders within any one year period will not exceed 10% of the outstanding Common Shares;
- the aggregate number of Common Shares issuable to any one person under the Restricted Share Plan, together with all other share compensation arrangements of the Corporation, must not exceed 7% of the then outstanding Common Shares (calculated on a non-diluted basis); and
- the aggregate number of Common Shares issuable to insiders at any time, under all security based compensation arrangements, must not exceed 10% of the outstanding Common Shares.

The Restricted Share Plan requires shareholder approval for the following amendments:

- to increase the maximum number of Restricted Shares issuable pursuant to the Restricted Share Plan;
- to extend the term of a Restricted Share;
- to permit the assignment or transfer of a Restricted Share other than as provided for in the Restricted Share Plan;
- to make any change to eligible participants which would have the effect of broadening the categories of persons eligible to participate in the Restricted Share Plan;
- to increase the maximum limit on the number of securities that may be issued to insiders;
- to amend the amendment or discontinuance provisions of the Restricted Share Plan; and
- in any other circumstance where TSX and shareholder approval is required by the TSX.

The Compensation Committee, subject to the prior approval of the Board of Directors, may approve amendments relating to the Restricted Share Plan without further approval of the shareholders, to the extent that such amendments relate to, without limitation:

- correct any defect or supply any omission or reconcile any inconsistency in the Restricted Share Plan;

- altering, extending or accelerating the terms and conditions of vesting of any Restricted Shares;
- amending the definitions contained within the Restricted Share Plan;
- amending or modifying the mechanics of granting of Restricted Shares;
- amendments of a "housekeeping" nature;
- to the extent deemed necessary or desirable, establishing, amending and rescinding any rules and regulations relating to the Restricted Share Plan; or
- making such determinations as deemed necessary or desirable for the administration of the Restricted Share Plan.

The Corporation's Restricted Shares generally have a three year vesting period while Restricted Shares granted to Directors generally have a one year vesting period which is consistent with their term of appointment.

The Restricted Share agreements include provisions for the acceleration of vesting upon the permanent disability or death of the participant and upon a change in control. In addition, they provide that unvested Restricted Shares are forfeited on the last day of employment or engagement with the Corporation.

We believe that Restricted Shares are a motivational tool encouraging the NEOs (and other executives/employees) to undertake actions to improve shareholder value.

Share Option Plan

Historically, AgJunction has used Options issued pursuant to its Share Option Plan as a long-term incentive and retention program for its NEOs, and other executives and key employees. Since the adoption of a Restricted Share Plan, and as a result of changes in the tax treatment of Share Options awarded to US employees, the Corporation does not generally utilize Option grants as an incentive tool. When appropriate and tax efficient as a form of compensation, Option grants may be approved by the Compensation Committee.

The Corporation's Options generally have a four year vesting period for employees and consultants and expire after five years. Options generally have a one year vesting period for Directors, which is consistent with their term. Options are granted in accordance with a policy approved by the Board of Directors and provide for an exercise price equal to the closing price of the Common Shares on the TSX on the trading day immediately preceding the date of grant. The Option agreements include provisions for the acceleration of vesting upon the permanent disability or death of the optionholder and upon a change in control. In addition, they provide that Options expire thirty days after the last day of employment or engagement with the Corporation.

The Share Option Plan has a rolling maximum/evergreen limit for the issuance of Options up to, but not in excess of 13% the outstanding Common Shares

Certain key features of the Share Option Plan are as follows:

- Directors, officers, employees and consultants, or those of subsidiaries, are eligible to receive Options under the Share Option Plan;
- the aggregate number of Common Shares issuable to any one person under the Share Option Plan, together with all other share compensation arrangements of the Corporation, must not exceed 7% of the then outstanding Common Shares (calculated on a non-diluted basis);
- the number of Common Shares together with all of the Corporation's other previously established or proposed share compensation arrangements issued to insiders within any one year period will not exceed 10% of the outstanding Common Shares;

- the aggregate number of Common Shares issuable to insiders at any time, under all security based compensation arrangements, must not exceed 10% of the outstanding Common Shares;
- any Options granted pursuant to the Share Option Plan shall be non-assignable;
- the vesting arrangements are within the discretion of the Board;
- the exercise price for Options is equal to the closing price of the Common Shares on the TSX on the trading day immediately preceding the date of grant;
- the term of Option grants are within the discretion of the Board, but cannot be longer than 10 years;
- the optionholder may exercise its right ("**Put Right**") to require the Corporation to purchase all or any part of the optionholder's Options by delivering to the Corporation a written notice of exercise ("**Put Notice**") specifying the number of Options with respect to which the Put Right is being exercised. Upon the exercise of a Put Right the Corporation will, at its sole discretion, deliver to the optionholder a cheque representing the purchase price for the Options specified in the Put Notice or a number of Common Shares;
- the Share Option Plan provides for the automatic extension of the exercise period of an Option that would expire during a blackout period for a maximum of 10 days following the end of such blackout period;
- Options terminate within a period of time following an optionholder ceasing to be at least one of an employee, Director, officer or consultant of the Corporation or of a subsidiary of the Corporation. However, in the event of death, Options will expire at the earlier of the end of the original Option period or 12 months after the date of death; and
- The Corporation does not provide any financial assistance to Share Option Plan participants to facilitate the purchase of Common Shares.

The Share Option Plan requires shareholder approval for the following amendments:

- to increase the percentage of Common Shares issuable on exercise of outstanding Options at any time;
- to change the manner of determining the minimum exercise price;
- to reduce the exercise price of any outstanding Options held by insiders;
- subject to the terms of the Share Option Plan, to extend the term of any outstanding Option held by insiders beyond the original expiry date of such Option;
- to make any change to eligible participants which would have the effect of broadening or increasing insider participation;
- to increase the maximum limit on the number of securities that may be issued to insiders;
- to permit an optionholder to transfer or assign Options to a new beneficial optionholder other than in the case of death of the optionholder; or
- to amend the amendment or discontinuance provisions of the Share Option Plan.

The Compensation Committee, subject to the prior approval of the Board of Directors, may approve amendments relating to the Share Option Plan without further approval of the shareholders, to the extent that such amendments relate to, without limitation:

- altering, extending or accelerating the terms and conditions of vesting of any Options;
- extending the term of Options held by a person other than a person who, at the time of the extension, is an insider, provided that the term does not extend beyond ten years from the date of grant;
- reducing the exercise price of Options held by a person other than a person who, at the time of the repricing, is an insider;
- accelerating the expiry date in respect of Options;
- adding a cashless exercise feature to the Share Option Plan;
- determining the adjustment provisions pursuant to the terms of the Share Option Plan;
- amending the definitions contained within the Share Option Plan;
- amending or modifying the mechanics of exercise of Options; or
- amendments of a "housekeeping" nature.

The Corporation's Options generally have a four year vesting period for employees and consultants and expire after five years. Options generally have a one year vesting period for Directors, which is consistent with their term.

Options are granted in accordance with a policy approved by the Board of Directors and provide for an exercise price equal to the closing price of the Common Shares on the TSX on the trading day immediately preceding the date of grant. The Option agreements include provisions for the acceleration of vesting upon the permanent disability or death of the optionholder and upon a change in control. In addition, they provide that Options expire thirty days after the last day of employment or engagement with the Corporation.

Options only generate value for NEOs (and other executives/employees) to the extent the price of our Common Shares on the date of exercise exceed the exercise price, and thus only provide additional compensation if the share price grows over the term of the award. For this reason, we believe that Options are a motivational tool encouraging the NEOs (and other executives/employees) to undertake actions to grow shareholder value.

The number of Common Shares outstanding as at December 31, 2019 and April 23, 2020, the maximum/evergreen limits under the Restricted Share Plan and Share Option Plan, the number of Common Shares underlying granted Options and Restricted Shares and the number of Common Shares available for future grants under the Share Option Plan and Restricted Share Plan are presented in the table below.

	April 23, 2020	December 31, 2019
Common Shares outstanding	117,072,573	117,072,573
Rolling/Evergreen Limit for the Share Option Plan and Restricted Share Plan	15,219,434 (13%)	15,219,434 (13%)
Number of Common Shares underlying granted:		
Options	2,877,929 (2.5%)	2,877,929 (2.5%)
Restricted Shares	589,169 (0.5%)	589,169 (0.5%)
Total	3,467,098 (3.0%)	3,467,098 (3.0%)
Aggregate number of Common Shares available for future grants under the Share Option Plan and Restricted Share Plan	11,752,336 (10%)	11,752,336 (10%)

Note:

Retirement Savings Assistance

In order to encourage retirement savings, we have implemented programs to assist employees with retirement savings. In Canada, this objective is accomplished through an RRSP-matching plan, in the United States this objective is accomplished through a 401(k) plan, and in Australia this is accomplished through mandated superannuation contributions. We believe that this element of the compensation program contributes to make our overall program more competitive in the marketplace and supports the attraction and retention of high quality executives and employees.

Under the programs, in Canada and the United States, we will fully match employee contributions up to 4% of their salary each pay period, in Australia, the current legislated superannuation contribution is 9.5% of base salary and Incentive Plan payments.

Under certain circumstances, we may suspend the Canadian and United States retirement savings programs. Matching contributions were not suspended for any pay periods in 2017, 2018 and 2019.

Compensation Risk Review

In establishing the compensation program, the Compensation Committee considered the implications of the risks associated with our program, including the risk of:

- executives taking inappropriate or excessive risks;
- an inappropriate focus on achieving short-term goals at the expense of long-term sustainable growth for our shareholders and other stakeholders;
- encouraging aggressive accounting practices; and
- excessive focus on financial returns and operational goals at the expense of regulatory, environmental and health and safety compliance.

While no program can fully eliminate risks, the Compensation Committee believes that risks are mitigated by:

- weighting long-term incentives towards equity-based incentives;
- avoiding narrowly focused performance goals and retaining adequate discretion to ensure that the Board and management retain their business judgment in assessing actual performance; and
- establishing a strong "tone at the top" and implementing enterprise risk management as a discipline across the organization including for accounting, regulatory, environmental and health and safety compliance.

Financial Instruments

Pursuant to AgJunction's Disclosure, Confidentiality and Trading Policy, Directors, officers and employees of AgJunction, shall not knowingly sell, directly or indirectly, a security of AgJunction if such person selling such security does not own or has not fully paid for the security to be sold and shall not, directly or indirectly, buy or sell a call or put in respect of a security of AgJunction. Notwithstanding these prohibitions, Directors, officers and employees of AgJunction may sell a Common Share which such person does not own if such person owns another security convertible into Common Shares or an option or right to acquire Common Shares sold and, within 10 days after the sale, such person: (i) exercises the conversion privilege, option or right and delivers the Common Shares so associated to the purchaser; or (ii) transfers the convertible security, option or right, if transferable to the purchaser.

As described in previous sections, the compensation for NEOs is determined by corporate and individual performance as well as overall share price performance. As the NEOs are compensated in large part based on their performance in meeting corporate targets and in the form of equity awards, overall NEO compensation increases in periods when the Corporation's financial results and share price increase and decreases in periods where the overall financial results and share price decrease.

The primary factor determining payout under our STIP in 2017, 2018 and 2019 was profitability. In 2017, 2018 and 2019 the Corporation's performance goals were not achieved, and as a result, there were no STIP payments awarded to the NEOs for those years. A limited number of discretionary cash bonuses were earned in 2017, 2018 and 2019 for performance in such years. In addition, the performance based vesting criteria for LTIP awards granted in 2017 and 2018 were not achieved, and thus only that portion of such awards which included time based vesting were paid out to the eligible NEOs. There were no LTIP award grants in 2019.

Summary Compensation Table

Notes:

- (1) Share-based awards represent Restricted Shares. In 2017, Restricted Shares were granted to Dr. McMickell and Mr. Morris per their employment agreements. On April 16, 2018, Messrs. Vaughn, Manning, McMickell, Barjesteh and Morris and Ms. Ell (in her capacity as a Director) were granted Restricted Shares. AgJunction uses the Black-Scholes method for calculating the fair market value of Restricted Shares based on the following weighted average assumptions for 2017: time to expiry of 1 year, closing Common Share price CDN\$0.51, interest rate using the average yield of marketable bonds from Bank of Canada website of 1.27% and volatility at 0.5333%; and for 2018: time to expiry of 1 year, closing Common Share price ranging from CDN\$0.72 to CDN\$0.90, interest rate using the average yield of marketable bonds from Bank of Canada website ranging from 1.74% to 1.79% and volatility ranging from 0.5641% to 0.5658%.
- (2) In 2017, Dr. McMickell and Mr. Morris were granted Options per their employment agreements. On September 27, 2017, Ms. Ell was granted Options in her capacity as a Director. Fair value is determined in a manner consistent with that used in preparing the Corporation's consolidated financial statements. This approach uses the Black-Scholes option pricing model with the following weighted average assumptions for 2017: zero dividend yield; weighted average volatility of 0.5486; risk free interest rate of 1.5%; a pre-vest forfeiture rate of 12.4% and expected stock option life of 3 years. Fair values have been calculated in Canadian dollars and converted to US dollars based on the Bank of Canada daily exchange rates on December 29, 2017, \$1.2545.
- (3) No payments were made under the Corporation's STIP to NEOs in the years ended December 31, 2017, 2018 or 2019 as the Corporation's targeted EBITDA was not achieved. The Restricted Share calculations are based on multiplying the market value of the Common Shares at December 31, 2019 of USD\$0.26 by the number of Restricted Shares that vested. These values were converted to US dollars at the Bank of Canada daily exchange rate on December 31, 2019 of \$1.2988.
- (3) The above disclosure reflects the employment agreement Dr. McMickell entered into with the Corporation effective January 31, 2020 when he was appointed President and Chief Executive Officer.

Due to the fact that AgJunction has a Code, an effective procedure for monitoring and enforcing the Code, a Board Mandate, a Chair position description, and committee Mandates, the Board sees no need at this time for additional steps.

Describe the process by which the board identifies new candidates for board nomination.

The Corporate Governance and Nominating Committee is responsible by its mandate for periodically assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of individual Directors. The Committee conducts an annual review through the completion of a survey by each Director. The resulting information is summarized in confidential form with the results provided to the Chair and each Director for review.

The Corporate Governance and Nominating Committee believes that our board's membership should represent a diversity of backgrounds, experience and skills and has established a "skills matrix" outlining the skills and experience which they believe are required by the members of our board of directors. Disclose whether or not the issuer has adopted term limits for the directors on its board or other mechanisms of board renewal and, if so, include a description of those director term limits or other mechanisms of board renewal. If the issuer has not adopted director term limits or other mechanisms of board renewal, disclose why it has not done so.

The Board believes that the advantages of experience and long service must be balanced with renewal and the fresh perspectives of new directors. On March 22, 2016, the Board adopted a Director Tenure Policy (the "**Tenure Policy**"). Under the Tenure Policy, the maximum period that a Director may serve on the Board is ten (10) years. Accordingly, a Director would not stand for re-election at the next meeting of shareholders following their tenth year of service. However, in certain circumstances and on the recommendation of the Corporate Governance and Nominating

Committee, the Board may recommend a Director for re-election after their maximum term if it is in the best interests of the Corporation and may provide for one (1) year extensions of up to three (3) years.

The Tenure Policy applies retroactively to the Board. In view of the retroactive nature of the Tenure Policy, the Board has implemented a transition period for Directors that have reached the maximum tenure. Pursuant to the transition period, a Director that has reached the maximum tenure could be re-elected for additional one year terms to a maximum of three (3) years if the Corporate Governance and Nominating Committee and the Board so recommends.

Pursuant to the Diversity Policy, the Board nominations and executive officer appointments are made on the basis of the skills, knowledge, experience and character of individual candidates and the requirements of the Board and management at the time. The Corporation is committed to a meritocracy and believes that considering the broadest group of individuals who have the skills, knowledge, experience and character required to provide the leadership needed to achieve the business objectives, without reference to their age, gender, race, ethnicity or religion, is in the best interests of the Corporation and all of its stakeholders.

Disclose whether and, if so, how the board or nominating committee considers the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board. If the issuer does not consider the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board, disclose the issuer's reasons for not doing so.

Pursuant to the Diversity Policy, the Corporate Governance and Nominating Committee will monitor the process undertaken in connection with the selection of nominees for Directors of the Corporation to ensure the positions and the skills, knowledge, experience and character of any candidates, including women and racial minority candidates, are being fairly considered relative to other candidates. While the Corporation recognizes the benefits of diversity and believes that considering the broadest group of individuals who have the skills, knowledge, experience and character required to provide the leadership needed to achieve the business objectives of the Corporation is in the best interests of the Corporation and all of its stakeholders, the Corporation does not currently have any rules or formal policies that specifically require the identification, consideration, nomination or appointment of a targeted number of female Board nominees or candidates for executive management positions. The Board encourages the consideration of women who have the necessary, skills, knowledge, experience and character for promotion or hiring into an executive officer position within the Corporation; however, the Board will not compromise the principles of a meritocracy by imposing quotas or targets.
